

25th Jan 2018.

Dear Ellingham Parents,

As I am sure you are all aware yesterday was the final day of our OFSTED inspection. Firstly I would like to thank all those involved for all their hard work, enthusiasm and commitment over the course of the inspection.

The inspection team were professional, supportive and robust in their interrogation of the school's position.

Myself as chair of governors, Jo Sullivan-Lyons as our LA school improvement advisor, and SLT received feedback from the inspectors regarding the inspection, but absolutely cannot comment on the information they received until the final report is published. Any disclosure could result in a second inspection. We anticipate the final report to be available within the next 6 weeks, and will notify parents as soon as it is available.

Many thanks for your support over the last few days.

Kind Regards

Zoe Gallimore

Chair of Governors
