

Sports Day Measuring Maths

At the school sports day, the children had a long jump competition.

Adeel jumped 4.54m

Zain jumped $\frac{1}{2}$ m further than Kasper.

John jumped 15cm further than Adeel.

Jannath jumped 0.6m further than Sam.

Michael jumped 23cm further than John.

Amina jumped $\frac{3}{4}$ m further than the 2nd place child.

Adam jumped $\frac{1}{4}$ m less than Michael.

Sinead jumped 0.8m further than Adam.

Kasper jumped 0.15m less than Jannath.

Sam jumped 40mm less than Sinead.

Use the clues to write down who won and the other positions.
