

Date sent out: 7th November

**Maths skill of the week:**

Next week we will be continuing our work on multiplication. To prepare for this learning, keep practising rapid recall of multiplication facts to 12 x 12.

**Task: (20 mins)**

This week we have been finding multiples and factors of given numbers.

Use the attached sheet to practise identifying factors and finding the highest common factor of each pair.

**Remember —'a factor is a number which goes into another, without a remainder and nothing left over!'**

**EG—factors of 6 are 1, 2, 3 and 6**

**Going for Gold:**

Can you remember all the prime numbers up to 100?

List them all on the back of your sheet.

# Year 5 Homework

**Ellingham Essentials! (Daily)**

• **Handwriting**

Any writing in your homework book must be correctly formed, sized, joined with clear ascenders and descenders.

• **Times tables**

Year 5 should be practicing ALL the times tables and their division facts.

• **Reading**

15 minutes daily, remember to write your reading entry!

• **Spellings**

Look back at the Year 3 and 4 spellings. Find the definitions to any words you do not know. While reading, make sure you are identifying any unknown words.

Date due back: 12th November

**Writing skill of the week:**

Writing adventure stories.

**Task: (20 mins)**

Watch the video of the little boat from the literacy shed.

<https://www.literacyshed.com/little-boat.html>

With these headings, create a plan for the story: opening, build up, dilemma, resolution and conclusion.

**Going for Gold:**

You can design a map of where your Viking boat will sail on your adventure. Create names for each place similar to the map in our book, 'How to train your dragon' by Cressida Cowell.

“Excuse me!” Your dreams are interrupted by the harsh tone of the pilot on the intercom. After a series of jolts that feel like you’re running over speed bumps the pilot continues, “Please fasten your seatbelts and prepare for . . .” The pilot’s voice trails off abruptly. You realize you’re beginning to shake as you scan the plane looking for anything that might help you decide what to do. You could fasten up and stay put. It seems like that’s what most of the other frightened passengers are doing. You take one last desperate look around the plane and find what you’re looking for—an emergency pack. There could be a parachute inside. You know you only have seconds to decide what to do as you feel another jolt you make your decision
