

We know that phones or tablets are part of many families' everyday lives and kids love to use them, but it's not always easy to know which apps and games can benefit your child's learning.

An independent educational panel from <https://hungrylittleminds.campaign.gov.uk/> believe the apps below have good educational value. Also look up Hungry Little Minds Campaign from the government as it has some other fun activities to try at home.

CBeebies Storytime

CBeebies Storytime is filled with free interactive story books and bedtime stories for young children and is a great way to enjoy reading with your little one. The library is always growing, with amazing stories featuring all the CBeebies' favourites.

Age: 0-5

Platform: Apple, Android, Amazon

CBeebies Playtime Island

CBeebies Playtime Island contains a wide range of fun and educational games to help children understand the world around them and support the development of core skills. Children can play along with all of CBeebies' most popular characters.

Age: 0-5

Platform: Apple, Android, Amazon

Lingumi

Lingumi provides a course focused on spoken and communicative English. The app provides sets of learning games, speech recognition games and video-based games to help the child grow their grammar and get them speaking their first words.

Age: 2-5 Platform: Apple, Android
