27th March 2020

Dear Parents / Carers,

School Website - We want to let you know about two new pages on the website which we have set up while the school is closed:

Important letters and emails to parents – We will continue to email out information, but copies of important information will also be here.

Home Learning – In addition to the information on Google Classroom, we will also post here other useful sites and activities for the children to do at home. For parents of Nursery children there is a separate tab under this section.

Thank you - We also wanted to thank our families who have Key Workers for only sending children into school where it is absolutely essential. This has enabled us to minimise the numbers of children and adults in the building and manage the issue of social distancing appropriately.

Google Classroom - We also want to say a big well done to all the children and families who have accessed Google Classroom and have completed work online. This was a new system for all of us including staff and it is really helping your children to continue their learning during this period.

If your child hasn't logged on yet, we would really encourage you to do so. If you have any difficulties please use the year group emails which were sent out and are on the website to contact a teacher. They will be in touch as soon as possible.

Virtual celebration assembly - In order to celebrate the fantastic achievements of our children during this unprecedented time, we would like to launch a virtual celebration assembly in the place of our usual Friday celebration assembly. If you have any photo examples of work you are particularly proud of, please email it to us via office@elp.rbksch.org and we will make a celebration page for our website. Look out for it on the website early next week.

Yours sincerely,

Helen Sheffield
School Business Manager
