

**Email sent to parents regarding Parking at Harrow Close**

**18.09.2020**

Dear Parents,

Thank you to all parents and families for following our systems for dropping off and picking up you children at Harrow Close.

Your support has meant that everyone can enter and leave the school premises safely and keep the number of people gathering for any length of time to a minimum.

Unfortunately, there are a few families who are parking on the double yellow lines, or blocking the car park or driveway. This not only causes the area to gridlock but makes it dangerous for other families and children in the area.

Please can we ask that all families park safely and considerately so that all families including St Phillips School who share our driveway can leave safely. St Phillips have a number of minibuses who take children home and they must be able to get out to the main road without any delays.

Many thanks

Helen Sheffield
