## Christmas Card Orders 2020

Dear Parents and Carers,

This week your children have been getting creative and will be bringing home some wonderful designs for Christmas cards that they have completed in class.

Instead of buying cards from the shops, you are now able to order your Christmas cards designed by your children to send to friends and family. Or perhaps turn their designs into mugs or calendars as gifts.

How to order

- 1) Complete the back of the form with your name and your child's name in the boxes provided.
- 2) Please provide your email address and mobile number at the back of the form in the boxes provided so that the company can send you a personal order code for the online ordering portal.
- 3) Return the form to the school in your child / children's bookbag by Wednesday 21st October.

Please do not fold or staple the form as any marks will be visible on the finished item.

Many thanks,

Friends of Ellingham
