

COMING SOON...

New School Meals Online Ordering System

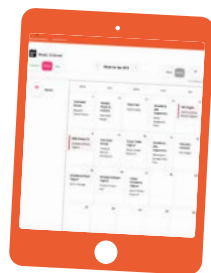

Great news! Soon you will be able to order your child's school lunches using our new, user-friendly online meals ordering system. ISS Education provides catering services at your school and we have recently upgraded the website which parents and guardians currently use to order, so that the process is now much quicker and easier!

THE NEW SYSTEM...

- ✓ Is clear and easy to use
- ✓ Includes an automatic registration and password reset process
- ✓ Has a shopping basket function to track meal selections
- ✓ Makes it easy to add children to an account
- ✓ Enables easy printing of meal plans
- ✓ Allows meals to be ordered and cancelled up to 9.30am
- ✓ Emails users with confirmations of orders and changes

You will be able to find our new ordering website at parents.feedinghungryminds.co.uk

We hope that you find our new website easy to use but, if you encounter any problems, don't worry! We have created a guide and set of 'how to' videos to get you started, which are available on the **help** section of the website.

Look out for more information on the date when your school will move to the new system. We will be contacting you shortly, via your school, with more details.

In the meantime, if you have any questions or feedback on this change, please get in touch with us at feedinghungryminds@uk.issworld.com or call us on **01924 792334**.
