Tuesday 10th November 2020

Dear Parents/Carers,

During summer term, the Multiplication Tables Check (MTC) will be taken by all Year 4 pupils in England.

The Multiplication Check will be delivered as an online, on-screen digital assessment. The check will take each pupil less than 5 minutes to complete. Children will be given 25 randomly-generated multiplication questions, up to 12x12.

This has to be completed using the number pad on the touch screen or using the number keys on the keyboard. While some of the children in the year group have already been invited into school for multiplication intervention sessions, we would now like to extend the invite to all members of the year group to join these sessions in preparation for the multiplication tables check. All the school Chromebooks will be available at this time and the aim of these sessions is to improve children's confidence and fluency in times tables and support in accessing the check via Chromebook.

Week commencing 16th November:

On Monday and Tuesday, 4S will be invited in at 8.15am
On Wednesday and Thursday, 4T will be invited in at 8.15am

We would strongly encourage all students to attend.

Thank you for your ongoing support,

The Year 4 Team
