

Email sent to Key worker parent / carer on 11.01.2021

Dear Parent / Carer,

Subject: Key Worker places on-going

In light of updated guidance from the DfE, we would respectfully ask you to keep your children at home if and when there is an adult at home. We have already had one positive case in our first week back and the news of escalating cases and hospitals full to capacity is concerning. We want to minimise the risk to our children and staff and less people in school will help us achieve this.

We understand that managing home schooling is very challenging and we appreciate your support with keeping risk levels down in school.

Best regards

Lisa Keogh

Headteacher
Ellingham Primary School
