Dear Year 5B Families,

Miss Broadley is looking forward to seeing all of the children again and leading the teaching for her class. However, she is still building her strength after becoming unwell with Covid in January and will have a phased return to school.

This means that Miss Broadley will be in school Monday and Tuesday from 8th March and intends to increase her time in school by one day each week and aims to be back full time by the end of the term. We are delighted that Mrs. Harris, a teacher who worked with Ellingham prior to lockdown, will cover those days to provide consistency for the children. Some of the children may well remember her. Mrs. Adams, who is part of the Year 5 team, will also be supporting the class.

I know so many of you have sent in best wishes to Miss Broadley. She is certainly feeling better and buoyed up by her time in school in the past two weeks.

Best regards

Lisa Keogh

Headteacher
Ellingham Primary School
