

## **Year 6 Student Health Drop-in**

Year 6 students have access to a Health Drop In this term, designed to support them as they approach the transition into secondary school. The school have decided they wish this to be **face to face**.

**Date and Time: 13<sup>th</sup> May 2021**

**Provided by Health Practitioner: Sabrina Williams**

Children can bring queries about their emotional and physical health. Advice will be confidential and supportive. Students will be encouraged to share their health needs with their parents or carers. We will not, however, breach confidentiality unless there are concerns raised about safety or wellbeing. They can attend with a friend if this is more comfortable for them.

**If you do not wish your child to access this service, please inform the school before the day of provision. They will ensure they do not have access on the day.**

If your child is unable to access the drop in or you have any other health related questions please phone or email us: 020 8549 6323.
